Recyclables Calendar 2024

All online services are also available via the free Dübi app. Download now!

All lithium batteries and all types of e-cigarettes belong in the special containers. Please do not dispose of them in the waste. Thank you.

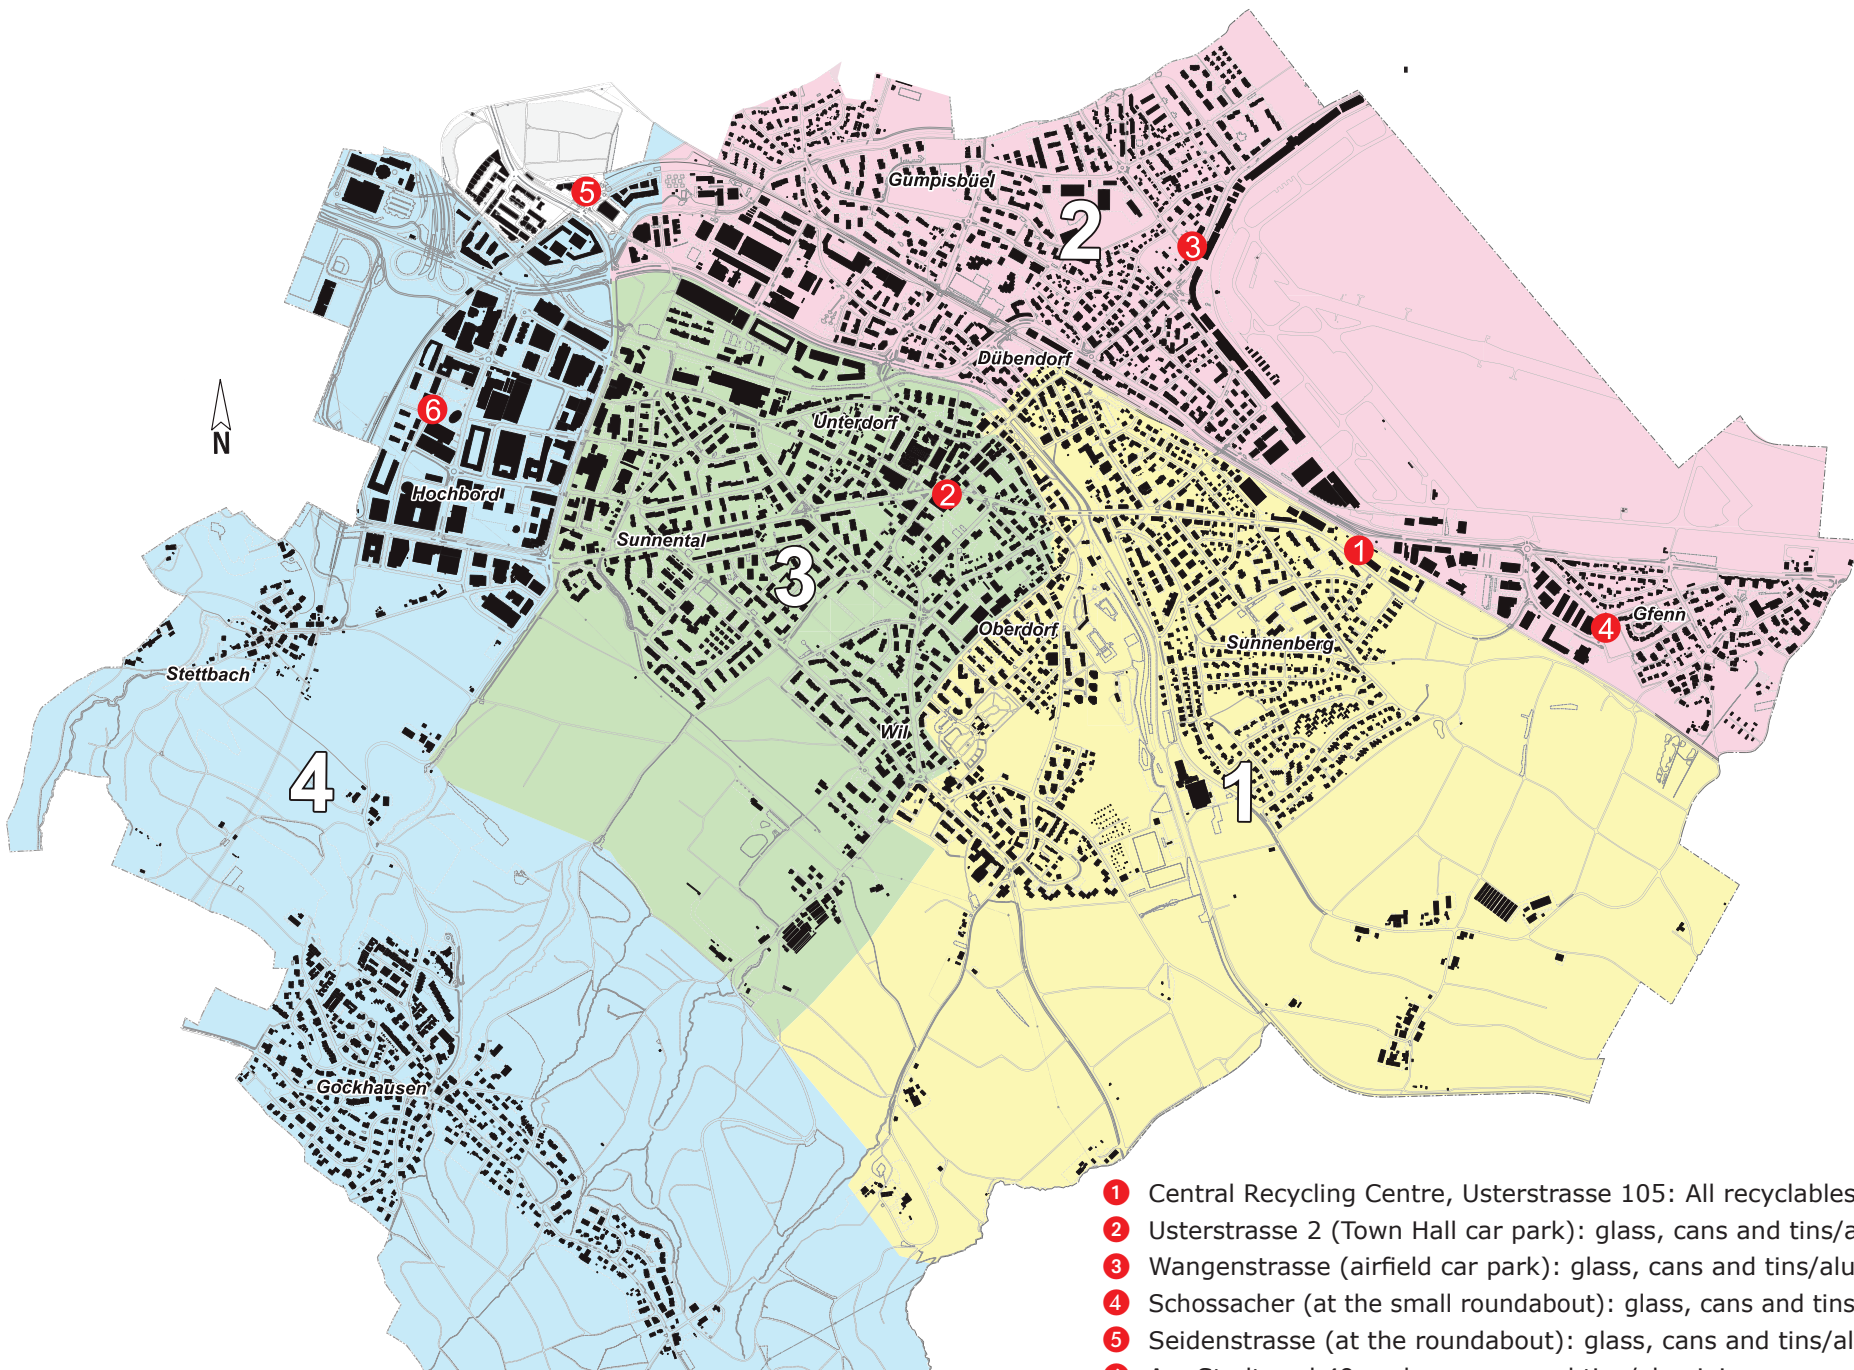

Lithium batteries and lithium-ion accumulators belong in the black steel barrel at the Central Recycling Centre or should be returned to the retailer.

Lithium batteries (Li) and lithium-ion batteries (Li-Ion) include model-making batteries, home-made batteries, batteries with protruding wires, e-bike batteries and batteries from devices (e.g. PC, mobile).

Thank you for placing the batteries carefully in the containers.

Guidelines of Dübendorf Central Recycling Centre

In order to avoid misunderstandings, we ask you to observe the following guidelines strictly:

- The instructions given by personnel must be followed.
- Smoking is prohibited on the entire site.
- When disposing of waste, please ensure that it is separated correctly.
- Dübi bags (Dübisäcke) are not accepted.
- Drive on the site at walking pace, park in the marked parking spaces and turn the vehicle off during your stay.
- Please look out for children – risk of accidents!
- Materials are not allowed to be removed from the containers and the building waste skip.
- **A charge has to be paid for the following:**
Combustible materials (waste, bulky items, wood), tyres. Building waste from 10 kg and used oil (engine and cooking oil) from 10 l.

Infrastructure costs (basic charge)

The infrastructure costs are charged at a flat rate per household. They include the costs for operating the central recycling centre and the satellite recycling centres, the eco bus, the cardboard, paper and hazardous waste collections, the green waste collection, the chopping service, the administration and advice as well as the recyclables calendar. The infrastructure costs total CHF 57.60 annually.
