Subsidiaries for «Spielgruppen» school year 2024/2025

Dear parents

The Municipality of Dübendorf with its Bildungslandschaft helps families with small budgets, covering a part of the pre-school costs (Spielgruppen) applicable to the child. The financial amount is paid directly to the institution.

Please fill out the application form for subsidiaries only, if you entirely fulfil all of the following requirements:

1. You and your family live in Dübendorf and pay taxes in Dübendorf.
2. Your total taxable wealth (steuerbares Vermögen) is less than Fr. 40'000.
3. Your taxable income per household and year is less than Fr. 70'000.
4. You do not benefit from social welfare. If this is the case, please contact your social advisor.

Pre-school subsidiaries are calculated based on your taxable income per year, as follows:

Taxable income per household and year (Steuerbares Einkommen)	Stadt Dübendorf pays:
Fr. 30'000 and less	70 %
Fr. 30'001 until 40'000	50 %
Fr. 40'001 until 70'000	30%

Taxable wealth is less than Fr. 40'000

The calculation basis is adjusted annually.

Important notes:

- Every child is granted a maximum subsidiary for a pre-school visit twice a week. Further visits are not supplied. The parents are paying the full amount.
- If you pay *withholding tax*, please also submit together with the application form copies of the salary sheets (of both parents) for the past 3 months. The calculation base is the same as for regular tax payers (see the above schedule).
- Subsidiaries are valid for an entire school year (August until July) and have to be renewed for further school years with a new application form.
